

Georgia Department of Transportation Fact Sheet

Power Alley, US 280

CORRIDOR FACTS

- ◆ The US 280 corridor is proposed to traverse entire state from Columbus to Savannah
- ◆ Completed projects provide **4-lanes** of roadway, usually divided with a 44' wide grass median
- ◆ The US 280 corridor is approximately **204 miles** in length
- ◆ Currently **26.6 miles** of this corridor are in **active project development**, from Americus in Sumter County to Cordele in Crisp County
- ◆ Design and engineering for the US 280 corridor from Americus to Cordele began in 2003
- ◆ The current estimated cost to complete the four-lane construction of the US 280 corridor is **\$2,248,435,000** (\$319,200,000 to complete the 26.6 miles in active engineering, \$1,929,435,000 for the remaining 177.4 miles)

PREPARING A HIGHWAY PROJECT FOR CONSTRUCTION

Highway construction demands adherence to an exact project development process, as specified in federal and state laws. This process incorporates a number of key stages that are vital to the development of a highway construction project:

- ◆ Concept Development: Data analysis, conceptual studies and alternatives analysis
- ◆ Environmental Approval: Surveys for environmental resources, public meetings and environmental document approval
- ◆ Preliminary Design Plans: Design and preparation of preliminary roadway plans and utility coordination
- ◆ Right of Way Acquisition: Property title research, right of way plans, property appraisal, purchase of right of way
- ◆ Final Design Plans: Design and preparation of final construction plans and contract documents
- ◆ Let to Contract: Advertise for bids, award to construction contract and begin construction

US 280 STATUS FROM AMERICUS IN SUMTER COUNTY TO CORDELE IN CRISP COUNTY

This report provides the status of the projects on the US 280 corridor that have active engineering underway from Americus to Cordele.

The US 280 corridor begins in Americus at Felder Street and extends 26.6 miles to the existing multi-lane section at I-75 in Cordele in Crisp County. The four projects Concept Reports between Americus and Cordele have been approved and the environmental studies are underway. (**Project ID Nos. 322760-, 322770-, 322775-, 422470-**)

All remaining projects on the US 280 corridor from Columbus to Savannah do not have active engineering or construction underway at this time.
